## 

You can update your personal information in Digital Banking with ease.

#### Step 1:

Start by clicking your **profile icon** in the top, right-hand corner.

Select **Profile** from the drop down.

#### **Contact Information:**

When viewing the Contact Information page, you are able to make changes to your:

- Profile Image
- Primary & Secondary Emails
- Phone Numbers
- Addresses
- Temporary Mailing Address

Simply fill in the information you wish to update and click **Save Changes**.

### Digital Banking Update Profile Information

#### **Preferences:**

When viewing the **Preference** page, you are able to make changes to your **Financial Wellness** and **Animation** settings.

#### Security:

By selecting Security, under User Settings, you are able to make changes to your Credentials, Authentication, and Devices.

When viewing the **Credentials** page, you are able to make changes to your Username and Password.

When viewing the Devices page, you are able to:

- View your device login information
- Find out the last time you logged into your account
- Identify the city, state, and country you logged in from
- Determine when a device was first recognized logging in to your account
- Edit the name of the device

Add Accoun

#### **Switch Accounts:**

By selecting **Switch Accounts**, under **User Settings**, you are able to add an account to switch to should you have another set of credentials for another USALLIANCE account.

When selecting **Add Switch Account**, a pop-up window will appear for you to enter your other set of credentials.

Select **Continue** to complete the process.

#### What's New:

By selecting **What's New**, under **User Settings**, you are able to view any updated information in regards to your digital banking experience.
